Environmental Print Bingo

To set up for play, print out as many cards as there are players (3 different cards are available in the document). Print out one additional card and cut pictures out individually to use as calling cards.

If additional cards are needed (more than 3 players), you can also print out a card, cut pictures individually, and glue them onto a separate piece of paper in a 4 x 4 grid design.

Card #1

kroger	handicapped	ohio state	green light
