

KINDERGARTEN INFORMATION

2021-2022 School Year

FOR STUDENTS CURRENTLY ENROLLED IN THE HILLIARD CITY SCHOOL DISTRICT PRESCHOOL

If your child will be five years of age on or before September 30, 2021, he/she is eligible to start kindergarten during the 2021-2022 school year.

Because your child is already enrolled in the Hilliard City School District as a preschool student, you do not have to go through the kindergarten registration process. However, your child will attend kindergarten screening in August. Once your child has received the immunizations required for kindergarten, you will need to provide an updated copy of the immunization record to the preschool to ensure that the required immunizations are on record prior to your child starting kindergarten.

Kindergarten screening will be held at your child's home school building. Please call the Records Compliance Office at 614-921-7096 between January 11-January 29 to schedule a screening appointment on the date assigned for your "home" school.

Elementary school screening dates are:

<u>School</u>	<u>Screening Date</u>
